We remain committed to making our sports accessible to as many people as possible. Providing opportunities to get involved in wakeboarding, wakesurfing and waterskiing—whether it's slalom, trick, jump, boat or cable—is at the heart of what we do. Across Scotland, you're never far from a site that can support your passion and help you progress.

We're especially proud of the high standard of facilities available to both our members and the wider public. From local clubs/sites to national centres, the quality on offer reflects our dedication to the growth of towed water sports.

With momentum building, we're excited to see what new events and programmes 2025 will bring to Town Loch. Whether you're an athlete, a beginner or simply curious, there's never been a better time to get involved.
